

## Freedom of Information Requests

### Features:

- Requests can be submitted online by any member of the public
- Requests can be obtained instantly
- Various sort orders and groups of data can be requested, more than typical or standard state requests
- Data can be received in several user-defined formats (MS-Word, ASCII, etc) depending upon the use and skill level of the person submitting the request
- Data can be easily made into mailing labels using a pre-defined mailing label format
- Requests are maintained for 30 days, so if a request gets lost, there is no additional charge to have it re-sent
- Requests can be paid for by check or credit card

### Benefits:

- Burden of fulfilling requests is completely removed from the state
- Person making the inquiry gets their request fulfilled instantly, 24 / 7 / 365
- Person making inquiry can see previews of the file-formats before placing the final order
- Person making inquiry can pay online by credit card for instantaneous results
- Several useful formats are available, depending on the actual purpose of the request

**FOI requests ordered and delivered electronically... in a format selected by the user.**
